

GGEOWORKS® Workshops

- **NEW Fungus Among Us!** We've lost 9 out of 10 of our cave dwelling bats due to White Nose Syndrome since 2006. Learn how the disease spread, what is being done, and how bats are adapting. (Gr.3+)
- **NEW SINKING INTO KARST** - Karst makes up 20% of the continental US. 50% of Americans depend on groundwater in karst aquifers for drinking. With games and activities, including 'Secret Sink' & 'Cave Conscious' learn ways to protect our water. (Gr. 6+)
- **SPACE ROCKS!** Learn about our four terrestrial (rocky) planets and what they have in common, then why earth is unique and different from other planets in our solar system. (Gr. 2+)
- **POLLUTION SOLUTION** - Experiment with sinkholes and cave ecology with games & hands-on activities. What we do above ground affects the world below! (Gr. 2+)
- **WHERE AM I?** Learn about the unique creatures inhabiting cave zones, what bat species might be in your own backyard and play a great habitat game! (Gr. 3+)
- **JUNIOR CAVE EXPLORER** - Crawl along with us to learn 'caving basics.' Basic rules of safe caving with an intro to cave conservation, plus the *Caver's Squeezebox!* (Gr. K +)
- **FINDING YOUR WAY** - Study a variety of geology maps of PA and the area, followed by a grade appropriate student mapping activity on Warrior Ridge. (Gr. 3+)
- **SEDIMENTARY JOURNEY** - Take a journey through Devonian Seas to fossils, limestone and caves, with experiments & games. Karst terrain covers 20% of the U.S. (Gr. 2+)
- **CRAZY ABOUT CAVES** - Experiment and make a craft to learn how caves form, how karst landscapes form. (Gr. 2+)
- **TROGLO WHO?** Learn about the unique creatures inhabiting cave systems, their adaptations and dependency on each other through games & activities. (Gr. K - 6)
- **ROCKS ROCK** - Visit various stations performing identification tests and learning fascinating properties of rocks and minerals. (Gr. 3+)
- **FOSSIL FANATICS** - Discover the PAST! Hands-on activities teach how fossils formed and provide clues to the history of our earth. Includes fossil craft & fossil hunt! (Gr. 1+)
- **WHAT GOES DOWN MUST COME UP!** Explore our FUTURE! Games, activities & hands-on experiments demonstrating the importance of protecting our groundwater. (Gr. 3+)
- **BATTY ABOUT BATS** - Discover these interesting creatures & their importance in our world with games, activities and a craft to take home! (Gr. K+)
- **S.O.S. - SAVE OUR SPECIES** - Research a critical species & make a poster to display. Bats, birds, flowers, plants - many are endangered. (Gr. 3+)
- **THINKIN' IN LINCOLN** - Study cave ecology with observation, experimentation, deduction & reasoning and blacklights too - inside the caverns! *Not available in May.* (Gr. 3+)
- **NOT JUST JURASSIC** - Dig into the past with a geologic time activity and a great mass extinction game! Where have all the dinosaurs gone? (K-6)
