GEOWORKS® Workshops

NEW **CSI: CAVE SCENE INVESTIGATORS** - Use detective skills to learn about past climates and how they are recorded in caves. (Gr. 3+)

1. **BATTY ABOUT BATS** - Discover these interesting creatures & their importance in our world with games, activities and a craft to take home! (Gr.K+)
2. **CRAZY ABOUT CAVES** - Experiment and make a great cave craft to learn how caves and karst landscapes form. (Gr.2+)
3. **FOSSIL FANATICS** - Discover the PAST! Hands-on activities teach how fossils formed and provide clues to the history of our earth. Includes fossil craft & fossil hunt! (Gr.1+)
4. **FUNGUS AMONG US!** 90% of our cave dwelling bats perished Due to White Nose Syndrome since 2006. Learn how the disease spread, what is being done, and how bats are adapting. (Gr.3+)
5. **JUNIOR CAVE EXPLORER** - Crawl along with us to learn 'caving basics'. Basic rules of safe caving with an intro to cave conservation, plus the ***Caver's Squeezebox!*** (Gr.K+)
6. **NOT JUST JURASSIC** - Dig into the past with a geologic time activity and a great mass extinction game! Where have all the dinosaurs gone? (K-6)
7. **POLLUTION SOLUTION** - Experiment with sinkholes & cave ecology with games & hands-on activities. What we do above ground affects the world below! (Gr.2+)
8. **ROCKS ROCK** - Visit various stations performing identification tests and learning fascinating properties of rocks and minerals. (Gr.3+)
9. **SEDIMENTARY JOURNEY** - Karst terrain covers 20% of the U.S. Take a journey through Devonian Seas from fossils, to limestone and caves, with experiments & games. (Gr.2+)
10. **SINKING INTO KARST** - 50% of Americans depend on groundwater in karst aquifers for drinking. With games and activities, learn ways to protect our water. (Gr.6+)
11. **S.O.S. – SAVE OUR SPECIES** - Research a critical species & make a poster to display. Bats, birds, flowers, plants - many are endangered. (Gr.3+)
12. **SPACE ROCKS!** Learn about our four terrestrial (rocky) planets and what they have in common, then why earth is unique and different from other planets in our solar system. (Gr.2+)
13. **THINKIN' IN LINCOLN** - Study cave ecology with observation, experimentation, deduction & reasoning and blacklights too – inside the caverns! *Not available in May*. (Gr.3+)
14. **TROGLO WHO?** Learn about the unique creatures inhabiting cave systems, their adaptations and dependency on each other through games & activities. (Gr. K - 6)
15. **WHAT GOES DOWN MUST COME UP!** Explore our future! Games, activities & hands-on experiments demonstrating the importance of protecting our groundwater. (Gr.3+)
16. **WHERE AM I?** Learn about the unique creatures inhabiting cave zones, what bat species might be in your own backyard and play a habitat game! (Gr.3+)
17. **WHISPERS ON STONE** - Storytelling and art go hand in hand - all the way back to early cave paintings. Children tell their own story by creating a piece of art in the style of ancient cave paintings. (Gr.1+)
